

# PERFECTION®

Can you beat the clock...before the pieces POP?!

This Hasbro licensed game is the PERFECT addition to your game room with its familiar fast-moving, piece-popping fun!

Players have a set amount of time to match the shape in the center screen. Once you find the match, push the large bubble button and don't stop there! Try to match all the shapes before your time is up.

The diminishing jackpot will drive excitement and encourage friendly competition, including the option to beat your best time! And don't worry, the virtual game board screen changes with each game so memorizing isn't an option. Hurry up and beat the clock before the pieces pop!
